## The Thornett Award for the Promotion of Reason

---

The Thornett Award for the Promotion of Reason commemorates Fred Thornett, a Tasmanian Skeptic who died in 2009. In true awards fashion, we call it "The Fred". The Fred acknowledges a member of the public or a public figure who has made a significant contribution to educating or informing the public regarding issues of science and reason. In addition to a commemorative certificate, \$1000 is awarded to the recipient or to a charity or cause of their choice.

Fred winners have been:

- Toni and David McCaffery (2009)
- Ken McLeod (2010)
- Wendy Wilkinson (2010)
- Dr Ken Harvey (2011)
- Adam vanLangenberg (2012)

## Eureka / Critical Thinking Prize

---

These two prizes have now been discontinued, however the honour roll deserves a mention due to the calibre and achievement of the winners.

Australian Skeptics had been major sponsors of the Australian Museum Eureka Awards from its foundation until 2005. The following are the winners of the Eureka for Critical Thinking:

- Dr Trevor Case (1996)
- Dr Amanda Barnier (1997)
- Dr Melissa Finucane, (1999)
- Mr Richard Kocsis (2000)
- Dr Tim van Gelder (2001)
